CD Project

“Getting to Know You”

This activity is focused on getting to know each of you, as well as introducing yourself to your new classmates. Since music is a way to express yourself, you are going to design your own CD that tells the class about you. Start with the title of your CD. What title would tell us the most about you? (Ex. Mr. Ryan Sings, “Knee Deep in Homework”)

Next, a song title tells you what to expect from the song. You will need to create at least 6 song titles that tell about you as a person. (Ex, “ Homework Blues”) (You can also take popular songs and change the song title to fit you.) This should be placed on the back of your CD.

Lastly, you will need to design your **CD cover** so it **reflects at least 3 of your interests out of school**. You can use magazine pictures, photos, or clip art and symbols. **Your first and last name should be visible and don’t forget your title.**

The inside of your CD can contain more pictures or symbols of your interests.

Have Fun!!!!
